🎯 OBJECTIVE

I am a User Experience Designer with 8+ years of experience helping many organizations obtain a competitive advantage by delivering great user experience across desktop, mobile, tablet and other channels. My expertise lies in defining and executing a design strategy that is built on a deep understanding of user and business needs and the context that surrounds digital experience. I work in a highly collaborative environment with cross-disciplinary teams to deliver informed and iterative design solutions. My specialties include user research, prototyping, design, usability testing, information architecture, & interaction design.
